17 April 1953

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Weekly Activity Report for Week Ending 17 April 1953

1. Generalb. 1953 Fund Requirements List ("Shopping List") - (continued item)

(1) The "Shopping List" - Coordination is now being effected by the DD/P with his senior staff members for sign-off and re-presentation to the DCI.

(2) Centralized Type Procurement - The procedures within the Logistics Office to effect centralized type procurement have been distributed to the Divisions of the Office affected. These procedures will be put into effect on 1 May.

(3) Review before Purchase - DD/P area and staff divisions, except EE, WE, SR, and TSS, have advised this office on a case and item basis concerning sterility and proposed sources of supply. It is anticipated that the final review report will be received from EE, WE, SR, and TSS during the next week. With respect to R&D items, the quantities reflected by the "shopping list" and forecasts of 1954 and 1955 materiel requirements were less than economical production lots in many cases. Additional action is being taken to determine whether or not additional requirements for R&D items have arisen since 1 Feb. 1953 which might permit economical procurement of this type item with FY-53 funds.

c. Office Accomplishments and Objectives - (new item)

A quarterly review of the declared calendar year objectives is in process to set forth the accomplishments during the first quarter and re-align the objectives for the remainder of calendar year 1953. The paper prepared will also be used as partial justification in the preparation of the 1955 budget.

2. Administrationa. Agency Regulations - (continued item)

At the first meeting of the Regulations and Procedures Committee, the regulation system was reviewed, blocks of regulation numbers were assigned,

**CONFIDENTIAL**

Information

an outline by regulation number was requested from each member, and a procedure was established for weekly status reporting and review.

b. Personnel Review, New T/O - (new item)

The T/O's of all Divisions of the Office were reviewed, and the majority of the personnel assignment problems were resolved.

c. Internal Security - (new item)

Work has begun on revision of internal security policy and procedures.

d. Briefing - (new item)

Plans are complete for briefing newly joined Logistics Office personnel on the organization, mission, and functions of the Office. This briefing is scheduled for Monday, 20 April, at 9:30 a.m. in Room 117 Central Building.

3. Projects and Studies in Process

a. European Logistics Support Command - (continued item)

In line with views of the DD/P-Adm., the staff study concerning establishment of the European Logistics Support Command has been modified for the time being to cover only the proposed European trip of the Chief of Logistics and the objectives of establishing better logistics understanding between headquarters and field personnel and better control of certain stockpiles in Europe and Africa and of securing helpful information for the establishment of the supply base at [REDACTED]

25X1

b. [REDACTED] Base - (continued item)

25X1

25X1

The Chief of Planning Section, [REDACTED], has stated that he will return to this office on 17 April 1953 estimate as to cost of construction. The Real Estate and Construction Division, with the Coordination & Requirements Staff, will then in short order present basic lay-outs and cost estimates to the FE Division for inclusion in their PRC paper.
